## LAKE WALES POLICE DEPARTMENT

### SHACKLED AIRPLANE JUMP

TO WHOM IT MAY CONCERN:

This letter is to verify the escape performed by Anthony on “Secrets of the World’s Greatest Escape Artists.”

The lock used in the escape was indeed purchased at a Lake Wales Florida hardware store. It was brand new and still packaged. The package was opened on the plane by me. The lock was opened and locked on the restraint **Anthony** was wearing. I retained the keys to the lock during this entire process. Upon escaping and landing under parachute, **Anthony** had this very lock OPEN and removed from his bindings. There was no trickery or collusion involved in this escape.
